ChromeOS Flex

The diagram illustrates a data flow process. A large, semi-transparent box labeled "this Event" in blue text is positioned on the left. A red arrow points from this box to a red-bordered box labeled "Computational". From the "Computational" box, another red arrow points to a red-bordered box labeled "Network". The "Computational" box contains a blue icon of a microchip. The "Network" box contains a blue icon of a network topology with a central node and three peripheral nodes.
